The action takes place on the stage of a small seaside theatre at the end of a pier. It is just after seven p.m. and the cast are turning up for rehearsals. Everything is going well at first, and then things start to go wrong.

A storm rages & doors remain stubbornly locked as the company rehearse in their end of the pier theatre. But when one member of the cast plunges to their death and an actress is poisoned, it becomes apparent there is a killer amongst them intent on murdering the entire cast.
